Dear Parent/Guardian/student,

The Caribbean Science Foundation will be hosting Level II (formerly Level IIA in 2018) of the **Barbados Junior Robotics Camps (BJRC)** from 16 July to 16 August 2019. The Camp will be held on the campus of UWI, Barbados.

**The 2019 Level II Camp is open only to children who participated in a previous BJRC Level I Camp, and have not before participated in a BJRC Level II Camp.**

**Please note that the 2019 Level II Camp is equivalent to the 2018 Level IIA Camp, and is therefore not open to Campers who have already done the 2018 Level IIA Camp.**

The 2019 Level II Camp will focus on completely autonomous robots. The goal will be to have the Level II campers design and build robots which can run a fairly sophisticated obstacle course autonomously (without human intervention).

The completed application form (page 3) should be submitted as an attachment by e-mail to the Caribbean Science Foundation at [csfhdq@gmail.com](mailto:csfhdq@gmail.com). Please use "**BJRC Level II Application [Child's name]**" on the subject line of the e-mail, to help avoid your application being misfiled.

The application deadline is **11:59 pm EST on Sunday 15 May 2019**. Late applications will not be considered. **Please note that Level II applicants must also fill out the online survey of their Level I Camp experience in order for their applications to be considered. The survey can be found at [https://docs.google.com/forms/d/1qHXOSL\\_vMUNRSCbRapuxGnmQfWg-WI\\_GCWrOALMhnwc/edit?usp=sharing](https://docs.google.com/forms/d/1qHXOSL_vMUNRSCbRapuxGnmQfWg-WI_GCWrOALMhnwc/edit?usp=sharing)**

You are encouraged to submit your completed application form as early as possible. Successful candidates will be notified by 15 June 2019. If your child is admitted to the camp, a camp fee of BD\$ 500 should be paid before the first day of the camp. In exceptional cases, arrangements can be made for four weekly payments of BD\$ 125 each.

Thank you for your interest, and we look forward to an exciting and productive 2019 Level II Barbados Junior Robotics Camp!

Respectfully Yours,  
**Robotics Planning Committee**
